## **What Is Happening at the ADP at St. Joseph's Villa**

It has certainly been a long winter and let's hope that Warton Willy is wrong this year and spring is sooner than later. Spring is such a beautiful time of year where we start seeing green again and we don't have to wear so many layers. Its almost like a refreshing start..

On that note we would like to welcome all the new clients that have joined the ADP we are happy to have you and hope you are enjoying your time with new people and experiences. Feel free to approach any of us if you have any sort of questions or concerns.

Fingers crossed that most of this winter weather is behind us but just in case:

**\*\* REMINDER with any winter weather that could be left\*\*** that the ADP program will only be closed if DARTS is cancelled. So please listen to Hamilton radio, call DARTS or go to their website for updates. .
