

ADP Summer Newsletter

Summer is quickly approaching and we are very excited to get outside to enjoy the weather. As you know construction begins when the weather warms up and this year it will be our turn to have construction at St. Joseph's Villa. There will be significant work done at our Main Entrance to the Villa. Since we are directly below the main entrance, this will impact us, especially in our Special Needs Room. This job is necessary to fix our water leak issues that have been happening. This project will take approximately 12 weeks to complete. We will move the Special Needs group into our Villa Court area in which Group A spends their time. In turn, Group A will make good use of our craft area and the Auditorium Lounge located on the first floor. This will not affect drop off/pick up times or location.

Although this project will affect us in some ways, we are thankful that we can remain open during this time. We will do our best to limit the disruption to the program and make minor adjustments when needed. Keep in mind that the first few days of this construction may be a bit louder as they drill through concrete but we will plan accordingly.

At this time, we do not have a confirmed start date but we hope that it will begin in the month of June 2019. If you have any questions about this project, please call your Therapeutic Recreationist or myself at 905-627-35421 x2240.
